SCRUBBING BRUSHES/PADS		varies			
SEASONINGS (SALT/PEPPER, etc)		varies			
SPONGES		varies			
TRASH BAGS		varies			
<p>Prior to shopping for the trip please check your patrol's dry packer, and the storage cubbies (located on North side of shed by large door) for items (aluminum foil, toilet paper, etc.) first. After the trip please ensure any extra items taken (Propane tanks, propane trees, etc.) are returned to their assigned locker. Additionally conduct an inventory of your patrol action packer for cleanliness and serviceability, and ensure all tents, coolers, and stoves that were taken are cleaned and checked for future use. All items assigned to be taken home by a scout for cleaning should be returned to one of the quartermasters (NOT left outside the shed) so the item may be checked, logged back in, and returned to it's proper storage location. After all the requirements listed above have been completed then the scout quartermaster will bring any items of concern (Missing or damaged equipment or tents) to the attention of the committee quartermaster.</p>
